

High Falls State Park | Lilly Matis, 1st year Medical Illustration major

Another wintery day in Rochester captured by Honors student Lilly Matis during the Rochester Sustainable City Tour that took place on Sat. Feb. 1 - a collaboration with RIT Sustainability, The Gandhi Institute for Nonviolence, and Rochester Ecology Partners. Students from the Honors program joined others from campus to tour the Lambertson Conservatory, The Rochester Public Library, and the High Falls State Park project site to learn about community-led sustainability efforts across the city. We will continue to share opportunities like this through the weekly newsletter, on our website, and on social media - keep your eye out for future events that will enrich your Honors experience!

2/19 - Honors Council Networking Event

Will you end the night by “swiping right” and connecting via LinkedIn?

Get ready for a night of growing your network and socializing with members of the Honors community! The CWC and AEC are collaborating to bring you a “speed dating” event that’ll spark conversations and connections. For the first half of the event, pair up with another attendee and take turns asking and answering prompts designed to help you dive into meaningful dialogues. Don’t get too comfortable as the pairings will be switched up after each round.

During the second half, enjoy your choice of mocktails (from a pre-established menu) and freely engage with your fellow Honors peers. We hope to see you there!

2/19 from 5:00-6:30pm
SAU 1510 (1829 room)
